

# Brand Guideline

## Welcome to Beban

There is a local saying that goes “لكل مجتهد نصيب”, but we believe that there is more to it than just نصيب, or in other words, luck. We believe in opportunities, and that we each have a unique ability to seize them. Every opportunity is an open door that can lead us to our highest ambitions; our full creative potential. This is why we were inspired to create our version of the saying.

# لكل . مجتهد . باب

We view  
opportunities  
as doors

We assess  
participants based  
on merit

We welcome  
everyone to  
our program

**LOGO**

# Primary Logo

Beban translates to "doors"  
in Bahraini dialect.

Our logo depicts six doors that  
open to a wide range of growing  
opportunities. The gradient in  
the baseline shows light coming  
from the doors, portraying the  
possibilities that await beyond.

# Alternative Logos

1. When a Beban gradient cannot be used as a background, the logo shown here may be used as an alternative for light applications.

2. For smaller applications where the full logo is too large to use, the icon alternative may be used in either a dark or light format.

1

2

# Logo Measurement

## Safe Zone

To ensure our logo's legibility, it must be surrounded with safe space. The space is defined by using the dimensions of the letter “ن”.

## Minimum Size

Do not go below this size on screen and print.

30 px (on screens)  
4mm (on prints)

# Logo Colour Usage

The visibility and contrast of the logo is very important.

When using dark backgrounds, only use the primary version of the logo (white).

When using light backgrounds, only use the alternative version of the logo (coloured).

✔ Only use the primary logo on dark backgrounds

✘ Do not use the alternative logo on dark backgrounds

✔ Only use the alternative logo on light backgrounds

✘ Do not use the primary logo on light backgrounds

# Incorrect Usage

It is important for our logo to remain consistent, therefore it should not be misinterpreted or modified in any way that would distort it.

⊗ Do not distort the logo

⊗ Do not apply a solid colour to the logo

⊗ Do not change the logo's opacity

⊗ Do not change the colour of the logo

⊗ Do not change the approved logo backgrounds

⊗ Do not rotate the logo

⊗ Do not outline the logo

⊗ Do not use drop shadows or other visual effects

⊗ Do not alter the shape of the logo

**BRAND ELEMENTS**

3

# Graphics

The Beban Door is our main graphic element, which takes the shape of a simple rectangle to represent the brand. In a 2D format, it may be used for design applications and complimented with imagery to communicate brand messaging.

Beban Door

Light

# 3D Rendering

In its 3D format, dimension may be added to the Beban Door. While the door may be perceived from different angles in 3D, the original shape should remain rectangular.

Isometric

Perspective

# Incorrect Usage

The shape and proportions of the Beban Door should remain intact at all times, whether it is applied to a 2D or 3D design space.

✔ Door edges should be parallel

✘ Do not alter the shape of the door

✘ Do not use trapeziod shape

✔ Only use filled door

✘ Do not outline the door

✘ Do not change the proportion of the shape

**COLOURS**

**4**

# Colour Palette

Our colour range consists of four main colours. Lucky Navy adds depth, while the three remaining colours give our brand a visual contrast.

Crimson, Positive Vibes, and Dream each can be used to convey a more exciting feeling.

**Lucky Navy**  
PANTONE 2745 C

C 97    M 100    Y 0    K 18  
R 27    G 20    B 100

**Positive Vibes**  
PANTONE 805 C

C 0    M 58    Y 41    K 0  
R 255    G 114    B 118  
#FF7276

**Dream**  
PANTONE 107 C

C 0    M 1    Y 88    K 0  
R 251    G 225    B 34  
#FBE122

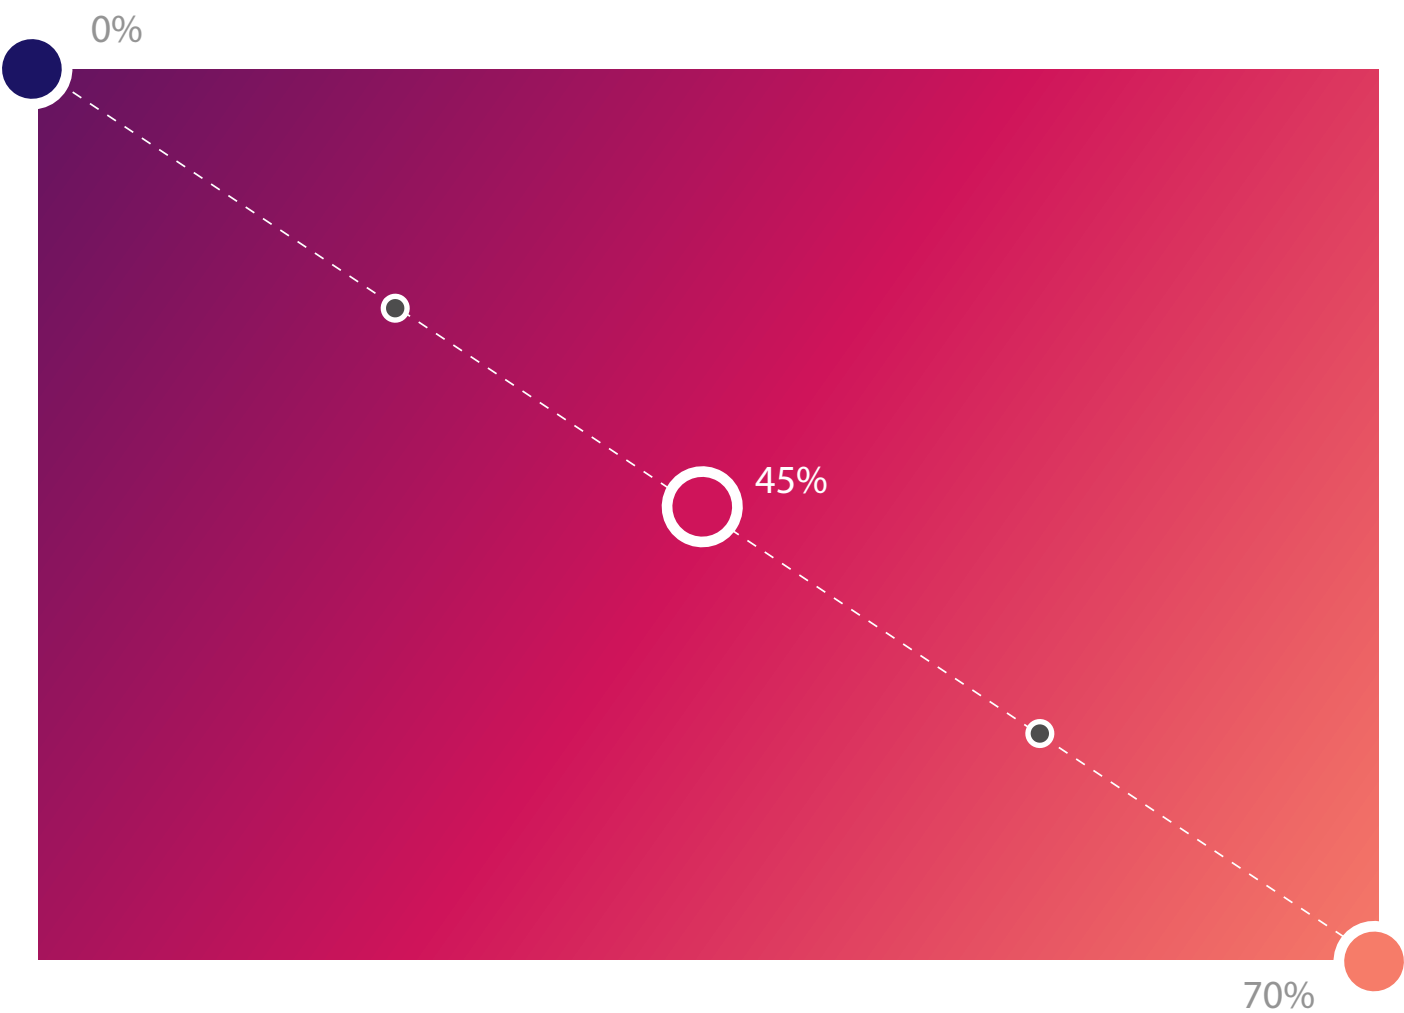

# Gradient Variations

In order to add variety to our brand, we use two gradient styles.

The duo-tone gradient ranges from Lucky Navy to Positive Vibes, while the multi-tone gradient consists of all 4 Beban colours.

The gradient slider is located at 50% between each two colours.

The colours location and percentage are also shown here.

**LOWER THIRDS**

6

# Lower Thirds

Beban lower thirds are flexible.  
We use multiple options for  
different purposes, depending on  
the length and hierarchy of the  
information presented on screen.
